Dear Marge:

On behalf of the Institute for Illinois and the Illinois Congressional Delegation, our sincere appreciation to the Allstate Foundation for its generous support of the March 3rd conference.

"The 100th Congress -- Building a Public Policy Agenda for Illinois" indeed was a success. In fact, both Members and staff have indicated their desire that such a dialogue between the Delegation and the Illinois experts continue on a regular basis.

Thank you again for Allstate's early and generous support of this first conference of cooperation between the Delegation's Institute and the University of Illinois' Institute of Government and Public Affairs.

Sincerely yours,

ALAN J. DIXON
