United States Senate

COMMITTEE ON THE JUDICIARY

Mr.
 lll
 Chicago, Illinois

Dear Mr.:

Your personnel data forms, forwarded by your County Chair-
 man, indicate you are interested in the position of
 at a listed salary of

We have begun the processing of these applications, but
 I should like to point out several things which do not
 appear to be clear judging from a preliminary study of
 the requests.

1. While many of the jobs involved are not Civil
 Service, they do require some special training as a pre-
 requisite.

2. All jobs require full-time service and permit no
 outside activity of a political nature or for pecuniary
 gain.

3. Finally, a good many of the positions being sought
 appear to be on the State level, which necessarily means
 that until a change can be made in the State or Regional
 Director, openings at a lower level will move very slowly.

Sincerely,

Everett McKinley Dirksen
